

Searching? **STOP!** “All IS Found.”

The ‘All IS Foundation’ is a reflection on the hardest work of all: “Climbing the mountain within you.”

All IS Foundation is dedicated to spiritual research to facilitate inner progress within individuals, by providing a home, tools, and guidance for one seeking to reach higher levels of consciousness.

To rise above sensory temptations and accumulated negative emotions which prevent a happy life.

Made possible by **Light in Life™**—a spiritual development process and application for counselors.

On this website you’ll find a collection of research papers, compiling content from various sources which may provide deeper insight into any particular theme, relevant to the world we live in today.

Based on information collected between 2012-2019, J’s research is now being published online... These papers are meant to be read as the trying to reach a deeper understanding, following in the tradition of a modern sadhu (holy man) who observes the world and society living on the side of it.

Before you begin: If you get angry—at any of the content within the following papers—please ask yourself: “*Why is this making me angry?*”, before contacting this author (who is just a messenger).
